

MVFF “Flybrary” Project

Goal: A method for sharing with MVFF members & guests the flies that anglers use that are effective in catching fish.

Methodology: Members who choose to participate can bring a fly to a monthly meeting, or complete a “Flybrary Card” at home by printing out the cards below. The member attaches the fly to a card and details information about the fly. The member places the card in a shoebox on the table where the MVFF Library is displayed.

Participation is Voluntary: Members can contribute and obtain flies as often as they are willing. The only stipulation is that the “MVFF Flybrary” not be used as a “disposal” for unwanted, ineffective, or damaged flies, but a genuine method for sharing.

MVFF Flybrary Card to include:

1. Name of the fly
2. Hook size
3. Type of fly (dry, wet, nymph, streamer, terrestrial)
4. Species of fish caught
5. Donated by: (Member’s name)
6. Location where the fly can be used

Composite of MVFF Flybrary Card by S.M. Johnson 6.2020
