MVFF Annual Auction

Get ready for another great event!

The time is quickly approaching for the MVFF Annual Auction on March 14th. The festivities will begin at 5:30 p.m. at the Presidential Banquet Center, which is the larger building to the left of our regular meeting location.

This will provide us more room for this event. (Also, please note there will be a cash bar - no \$1.00 beer!)

For the new members and those not familiar, there are a few guidelines. As you begin to gather items for donation it is important to remember - NO JUNK. If you would not pay money for it no one else will either. Also, you may request a donation voucher for tax purposes as we are a non-profit 501(c)(3).

Items that sell well are fishing items of course, as well as camping and hunting gear. A sample of your favorite wine or spirits and your favorite patterns of flies are also perennial favorites (so start tying some collections for inclusion in this year's event). This is also a wonderful time to go through all of your gear, pull out the stuff you no longer need or use, and bring it to the auction. One man's junk (but no junk here) is another man's treasure.

If you have a skill or a membership to various clubs, these make excellent items for bid. Examples are members who

President's Thoughts ...

Hello once again friends, fly fisherman and women.

Happy March. Winter is on the way out and ready to

invite the spring. I'm certain

that most of you are excited about that. This brings us to our third meeting of the year. I was told that the meeting last month was a better turnout than January's. I unfortunately had a work thing and was not able to attend. I want to give a special thanks to John Warner for stepping up and taking the reins for me in my absence.

Our annual Auction is coming up quickly on March 14th. Please gather your items to donate. Invite a friend or a prospective member to attend. This is a good way for them to meet our members, purchase some great items and have a good time. Remember, the proceeds help pay for our expenses, speakers, fly tying classes, and other activities of the Club.

The importance of the auction cannot be stressed enough; the club generates about half of our revenue from this single event.

We will not have a speaker lined up for the meeting as the auction takes up the entire evening.

I hope to see everyone there and remember to be generous and buy lots of things that you probably don't need but want anyway.

Stay safe and tight lines.

Phillip Ritter
2022 MVFF President

Mid-Week Events to Kick Off!

Start marking your calendars. The Mid-Week Fly Fishing events begin March 10th. Check out some of these fishing spots and meet up with fellow members (page 4).

Thanks go out to Ken Davy for setting this up again this year. We had some pretty good turnouts last year. Let's see even more participation this year!

MVFF Auction (cont'd)

offer guided trips to their favorite body of water, or a half day of fishing or golfing at a private club. We have had some spectacular trips in the past that have been very popular. Whatever it is you can donate to the auction truly helps support the club.

This event generates essential funds for the club every year. Everyone has done a great job of supporting this event in the past and we are asking for you to do the same this year. Donate and bring your cash or checkbook along. We will also be accepting payments through the PayPal portal on our website again this year. You can pay with your mobile device either through your PayPal account or charging by credit card; however, you will be responsible for the fees associated with the transaction.

Time is getting short, but if you have donations that need to be picked up ahead of time please contact me at (937) 657-7052 or ritter_phil@yahoo.com. I will make arrangements to have them picked up or meet at a convenient place for all parties involved. Any large items please make sure we know in advance so we can plan our set-up accordingly.

Also anyone that would like to volunteer to help this year it would be greatly appreciated. Contact me ASAP if you can help.

Thank you all and see you March 14th.

~ Phil Ritter

Notes March 2022

I met Bill Clutter only once at a Project Healing Waters event at Spring Run. Bill did the grilling. It was plain to see how much those around him respected and appreciated his presence. Twice his wife has gifted us with books and videos from his private library after his passing. This second group includes many of his resources for teaching casting as a Fly Fishers International instructor. Among the items is his instructor preparation video. These resources were dear to him as is evident by the care and condition by which they were kept. The list is not exhaustive, but a sample of what Bill considered important to his task, which I am certain was also his joy.

March Fly of the Month

1. Place the bead head on the hook and place the hook in the vise.
2. Attach the thread slightly behind the bead head.
3. Lightly dub the thread and wrap a dubbed body back to the middle of the hook bend. Remove the excess dubbing and let the thread hang.
4. Cut a 3"- 4" piece of jelly rope or stretch tubing and make a diagonal cut in one end. Tie it in tightly by the point of the diagonal cut at the end of the dubbed body, then wrap it in almost touching turns up the hook shank (allowing some of the dubbing to show between the wraps) to slightly behind the bead head and tie it off. Remove any excess tubing.

Instructions by Bill "Woody" Woodward
Photography by Bob Cain

Recipe

Hook Scud, size 12-14
Thread Black or Olive, 6/0
Head Brass bead
Abdomen Black or olive jelly rope, stretch tubing or vinyl rib
over a lightly dubbed body of peacock dubbing
Thorax Peacock herl or dubbing

5. Select 2-3 peacock herls, trim off the butts, then tie them in right at the front of the vinyl body wraps. Wrap the herls forward together to behind the bead head forming a thorax and tie them off. (*The thorax should be thicker than the vinyl body.*) Do a whip finish behind the bead head and cut the thread. Remove any excess herl.

Note: This fly is intended to be an imitation of the caddis larva found in much of the United States. This fly should be fished with a dead drift retrieve.

TU Madmen Chapter Update / Name Change

The TU Madmen Chapter is in the process of changing its name to Mad River Chapter.

We have already started working on in-stream habitat improvement at Pimtown Road on the Mad and will continue when stream flows subside. The first monitoring on the Mad River, lead by Joe Nagel and Don Dean, is scheduled for April 16th meeting at 9:00 a.m., at the US36 bridge. We are also waiting for flows to come down to address down trees. With warming temperatures and more folks getting outside we are encouraging anyone visiting the Mad to pick up litter and consider being a volunteer of the ADOPT-A-BRIDGE/STREAMWATCH Program.

Thanks to MVFF for its continued support!

Mid-Week Fly Fishing 2022

Ken Davy has once again put together a list of fishing spots and a schedule from March - October. Ken has also included info on the fishing potential of these waters and suggested flies. There are links to a map for each location.

These events are on the club Calendar page of our website and Facebook page as well (Events).

Lots of fishing spots and links to maps here. Go on the scheduled date and you can meet up with fellow members. Or just check out some of these places when you choose. We're hoping to get even better turnout this year.

They start at 4:30 p.m. If you have specific questions about events contact Ken at tigr75@gmail.com.

Deer Meadow Park	6/14/2022		https://goo.gl/maps/CquLXGskM7Ug1766	Bluegills and crappie, the bass should be in pre-spawn binge and building nests. Easy to catch but make sure you are gentle and release them.
Centennial Park	6/23/2022		https://goo.gl/maps/m1pKZUFchPMFPaL7	Small pond, bluegills at least, not sure what else.
Lofino Park	6/29/2022		https://goo.gl/maps/nfzb6JGFax84Nejs6	Fishing for early season bass, crappies and bluegills. Olive Woolly Buggers, Zoo Cougars, and Muddlers for the bass, both LMB and SMB. North Park	7/5/2022	Boats, Kayaks	https://goo.gl/maps/JDUzia3Z85zSAmxy7	This one is primarily for the kayak and boat crowd. The bank fishing here is very tough. Boats are allowed but these ponds are very narrow and shallow, so you'll want to stay with the trolling motor. I have fished here a little, but I have not been able to discern any patterns as of yet.
Oak Grove Park	7/14/2022		https://goo.gl/maps/iBV9FWjR2wJTrXsR6	Fish quartering out from shore with poppers or foam bugs for big bluegills, or with Clousers, Buggers, or Zoo Cougars for bass. Some big bass in here. What to do for crappies is anybody's guess.

Arthur Fisher Park	9/7/2022		https://goo.gl/maps/X45ziJDf6FYLZvb36	One last shot at Fisher Park. Olive Woolly Buggers, or Muddlers for the bass, poppers or foam beetles for the bluegills. Cast about 5 feet from shore for gills, up to 10 feet for the bass.
Rosewood Park	9/13/2022		https://goo.gl/maps/D8UQYWmoxhcDGMRA	There are big bluegills here. When they decide to hit, they do not waste any time!

Fishing at the inlet pipe is much easier from a boat or kayak. Let's pile up some species this day! LMB, SMB, White bass, crappies, bluegills, perch and saugeye are all there for the catching.
Carriage Hill	9/28/2022	Kayaks	https://goo.gl/maps/ooWMe8eXMT5TnTYV9	Carriage Hill comes into its own in the late season.
Carriage Hill	10/13/2022	Kayaks	https://goo.gl/maps/ooWMe8eXMT5TnTYV9	As I said, Carriage Hill comes into its own in the late season. So much so, that I think it's worth one last shot.

New Organization Seeks River Enthusiasts

The Ohio Scenic Rivers Association (OSRA) is reaching out to individuals who may have an interest Ohio's State Scenic Rivers and other waterways. OSRA is a relatively new organization, incorporated as a 501(c)(3) non-profit on November 7, 2019, with the goal of protecting and improving our state's water resources. OSRA plans to accomplish this goal by working to support Ohio's State Scenic River system; promoting Scenic River stewardship projects, facilitating public-private partnerships in support of Scenic Rivers; and developing non-partisan support of Ohio's Scenic Rivers.

Currently the OSRA Board of Directors is made up of fourteen conservation professionals and water quality advocates from all across Ohio. Recently OSRA has been active in providing testimony at the Statehouse on important water quality related legislation as well as co-sponsoring the second annual River Symposium, hosted by the Department of Natural Resources, State Scenic River Program. In addition to supporting the existing system of state scenic rivers, OSRA also promotes the designation of additional, high-quality rivers.

Whether you are a conservation professional or simply an individual who enjoys water recreation, OSRA invites you to visit their website today and join them in this important work. All those who join (or renew their membership) in 2022 will be entered in a chance to win a high-quality inflatable kayak kit from Smithfly Designs.

For more information visit:

FYI: Tom and Pam Allen are on the board of directors for the Ohio Scenic Rivers Association.

ReelFlyRod Offer

On Fridays we are hosting a resident fly tyer in the front of the shop - Greg Morrett (<https://morrettflyfishing.com/>). Customers have been coming in to sit for a few minutes to talk about tying and learn some tricks from Greg.
